

Scottish International Opportunities Selection Information

The selection of teams for **scottishathletics** Track & Field International Representative Matches will be made by a Selection Committee which will consist of a Chair, who is not an employee of **scottishathletics** and whose appointment is agreed by the Board, Two representatives from the Performance Team, Two representatives appointed by Track and Field Commission (of whom one must sit on the Commission) and the **scottishathletics** Statistician. Voting rights will be held by Head of performance (or substitute) and one representative from Track & Field Commission and the Chair will have the casting vote. Track and Field Commission will appoint a secretary for minute taking purposes.

Their selection will be made according to the following criteria:

1. The **scottishathletics** eligibility rules shall apply. All athletes must have completed the necessary Eligibility process* in advance of the selection date.
2. Athletes must be current members of **scottishathletics** on date of selection meeting.
3. Where the selection for an event involves an athlete with whom a selector is closely involved e.g. as Manager or Personal Coach, then the selector involved will play no part in the selection for that event.
4. Only athletes who will benefit from the standard of competition at a particular event will be selected and the selection committee has discretion to leave places empty if necessary.
5. The decision of the selectors is final. Any correspondence regarding selections must be forwarded to the Chair of Selectors via **scottishathletics** for response. No other response will be deemed official.
6. All international selections are dependent on athlete full acceptance of the terms of the International Athlete Code of Conduct issued to all selected athletes.
7. See the selection notes for each international for additional detail specific to the fixture.
8. Any athlete substitutions resulting from changes in athlete availability, fitness status, injury, illness etc. occurring post-selection will be based on named reserves from the selection meeting. Any further substitutions that may be required beyond this are the responsibility of both the Performance Team and Selection Group.

Selection Criteria

Selectors will make their decisions based on nominations from the **scottishathletics** Performance Team, where appropriate, taking account of:

- The needs of the sport to continue to develop and retain athletes towards key senior outcomes
- Current Scottish rankings and performances in nominated trial events (where appropriate).
- Current and, where applicable, head-to-head form.
- The nature and quality of the event at which performances were achieved e.g., presence of qualified officials, use of automatic timing/wind gauges, licensing status of facility etc.
- Consideration will be given to wind speeds in making athlete comparisons.
- Athlete availability.
- Any other relevant factors e.g., fitness status, ability to compete at the required level, commitment to and conduct at previous international opportunities.
- Athlete must be able to take lateral flow test (If required by event organiser)

<http://www.scottishathletics.org.uk/athletes/performance/selection-policies/>

- ❖ From 2022, athletes will only be selected for National teams if they have completed the relevant eligibility process in advance of selection dates. The process for confirming eligibility can be found on the [scottishathletics](http://www.scottishathletics.org.uk) website.
