Rules of a Combined Events

TR 39

- An interval of at least 30 minutes between the time one event ends and the next event begins, for any individual athlete.
 - The minimum period of 30 minutes is to be calculated as being the actual time between the end of the last race or trial for any athlete in the previous event to the start of the first race or trial in the next event.
- The rules for each event constituting the competition will apply with the following exceptions:
 - in the Long Jump and each of the throwing events, each athlete shall be allowed three trials only.

Rules of a Combined Events

- If there are 2 High Jump beds each group must adhere to same increments and the rule where 3 athletes remain does not apply
- In case a Fully Automatic Timing and Photo Finish System is not available, each athlete's time shall be taken by three Timekeepers independently.
- In the Track Events, only one false start per race shall be allowed without the disqualification of the athlete(s) responsible for the false start. Any athlete(s) responsible for further false starts in the race shall be disqualified by the Starter.
