AMENDMENT HISTORY

Version Number:	Effective Date:	Summary of Amendments:	Author
V1.0	31 March 2025	Inception of Policy	Scottish Athletics & CGS
V2.0	08 May 2025	.6: Allocation of maximum places	Scottish Athletics & CGS

The information in this Selection Policy is accurate as at 08 May 2025 but remains subject to change. As a result of the unique and extenuating circumstances caused by the late confirmation of Glasgow as hosts for the 2026 Games and the consequential outstanding Commonwealth Games Federation (CGF) requirements, Commonwealth Games Scotland (CGS) and **scottishathletics** will be closely monitoring this Selection Policy to determine if any changes are necessary.

1. For the avoidance of doubt, CGS reserves the right to amend this Selection Policy in any manner, and in the sole and absolute discretion of CGS, should CGS consider that qualification process would be fairer having regard to the interests of all athletes and the prevailing circumstances.
2. In addition, CGS and **scottishathletics** reserve the right to not apply any aspect of this Selection Policy when making any decision, if in the sole and absolute discretion of CGS, it would, as judged by CGS, be unfair or unreasonable.

INTRODUCTION

3. This selection policy has been agreed by **scottishathletics** and CGS. It provides detail on the process by which **scottishathletics** will arrive at athlete nominations, which will be submitted to CGS for consideration, for final selection to Team Scotland for Glasgow 2026.
4. Achievement, by an athlete, of individual selection standards detailed in this document, is therefore the first step by which nomination can be considered. The final decision in selection to the 2026 Games lies with CGS.
5. **scottishathletics** will nominate only those athletes that have qualified under both the Athletics Specific Selection Standards stated below, and the CGS General Selection Policy (available on the [CGS website](#)) that should be read in conjunction with these standards.
6. Entry numbers per event and the overall number of athletes are in accordance with CGF allocation. **scottishathletics** has been allocated a maximum of 25 places (including relay athletes). Should the number of athletes achieving the standards exceed this allocation then **scottishathletics** will prioritise in accordance with this policy.

SELECTION AIM

7. To select a team of athletes capable of competing with distinction for Scotland at the 2026 Commonwealth Games, and collectively:
 - Having a higher percentage of athletes meeting the general selection standards when in competition at these Games than in 2022.
 - Meeting the stated performance aims of each sport at the Games.
 - Team members having a positive experience within Team Scotland at the Games.
8. This Policy is consistent with this aim and will focus on:
 - Maximising medals at the 2026 Games.
 - Maximising top 6 placings at the 2026 Games.

- Preparing athletes to deliver world class performances at the 2030 Commonwealth Games and beyond.

ELIGIBILITY & CONDITIONS FOR REPRESENTATION

9. Athlete eligibility and conditions for representing Scotland will be as outlined in the CGF Constitution and Byelaws. Please see Appendix 1 for the current eligibility Byelaw. Should these change, the most recent version will be used.
- 9.1 Where prospective team members do not automatically comply with the above, they will only be nominated for final selection if they receive prior approval from the CGF under their guidelines.
- 9.2 For the avoidance of any doubt and as agreed by UKA, CGF and the Home Nations Commonwealth Games Associations, where the 2026 Games are concerned Home Nation athlete eligibility on grounds of birth will be based on the nationality of the athlete, the athlete's parents or the athlete's grandparents.

12. Achievement of the Selection Standards shall not result in automatic nomination to CGS.
13. The maximum number of athletes selected by any country for each individual event is three (3).
14. Where more than three athletes attain the Selection Standards in an individual event then athletes will be selected for nomination based on consideration of the criteria as outlined in the relevant rounds of Phase 2 (paragraph 50).
15. In the event that the number of athletes achieving the Selection Standards exceeds the number of athletics team places available, then athletes will be selected for nomination based on consideration of the criteria as outlined in the relevant rounds of Phase 2 (paragraph 50).

Relay Teams

16. The maximum number of Relay Teams (“Team(s)”) nominated for each relay event shall be one (1).
17. A Team may be considered for nomination based on any of the following three conditions (not listed in order of priority):
 - 17.1 The selection standard for the relay (paragraph 1) is achieved or;
 - 17.2 All athletes meet the selection criteria for individual events or;
 - 17.3 Two or more athletes meet the selection criteria for individual events and the addition of further athletes* indicates that the Team could achieve a performance which meets the aims of this Policy.
18. With reference to the conditions outlined under paragraph 17.1 and 17.3, should a Team be under consideration for nomination, the minimum pool of athletes shall be five (5).
19. For the avoidance of doubt, the athletes who are members of a Team that has met the Selection Standards shall not be automatically selected for the Nominated Team. Each individual who shall form the Nominated Team(s) shall be separately selected on merit with reference to the nomination criteria (paragraph 50).
20. Individual athletes, forming a Team, who do not individually meet the Selection Standards shall only be considered as part of a relay pool if there is evidence that their contribution to the Nominated Team could achieve a performance that meets the aims of this Policy.
21. Nominations for Teams will take place during Phase 2 and will be prioritised in line with the aims of this Policy and the criteria outlined in paragraph 50.
22. Given the restricted number of allocated places available, a scenario where four (4) or more athletes have achieved individual Selection Standards will increase the likelihood of a team being considered during round 2 or round 3 of the Phase 2 selection.

OTHER FACTORS FOR CONSIDERATION

23. All nominated athletes must have completed the required anti-doping education.

Performance Considerations

24. Performances must be achieved during competitions organised or authorised by World Athletics, its Area Associations or its National Member Federations. Thus, results achieved at university or school competitions must be certified by the National Federation of the country in which the competition was organised.

25. UK domestic competition performances will only be recognised if they are achieved in a UKA Level 2 licensed competition or higher (see www.uka.org.uk/competitions/fixtures/ for details on the UKA competition licenses).

26. Multiple performances achieved in the same individual event in a single day at an official Championship of UK national level or higher will only count as follows:

- In a track event – best time in each round within the day.
- In a field event – only the best mark in the final and best mark in the pool.

27. Performances otherwise achieved in the same individual event in a single day will count as follows:

- In track events, only the fastest legal result of the day;
- In throwing events, only the best performance of the first competition of the day;
- In horizontal jumps, only the best performance of the first competition of the day, unless every mark achieved by the athlete was wind-assisted in which case the best trial in a second competition held under non-wind-assisted conditions will count.

28. Performances achieved in mixed events (in stadia) between male and female participants shall not be considered.

29. Performances in mixed gender 10k road events will be considered on courses certified by the National Federation of the country in which the competition was organised.

30. In the throwing events, no performance will be considered if it is achieved in a mixed age group competition where lighter weight implements are in the same pool.

31. Wind-assisted performances (or performances achieved at events where wind measurement was not available) for events held completely in a stadium will not be considered. (see World Athletics rules 260.14(c), 260.17 (b) and 260.18).

32. For combined events, the conditions set in World Athletics rule 11.4 (or any revised or amended rule relating to wind readings in combined events in force at the time) will be applied for qualification purposes. This requires one of the following conditions to be satisfied:

- The wind velocity in any individual event shall not exceed plus 4 metres per second; or
- The average wind velocity (based on the algebraic sum of the wind velocities, as measured for each individual event, divided by the number of such events) shall not exceed plus 2 m/s.

33. Hand-timed performances in 100m, 200m, 400m, 110/100m hurdles, 400m hurdles and 4x100m relay will not be considered.
34. A fully approved automatic timing device must be used in all track events up to and including 400m. Failure to do so will render a result invalid for consideration.
35. In endurance events of 800m and longer, where automatic timing has been compromised, hand times shall be considered. In these exceptional circumstances the performance must have been timed by three timekeepers each of whom should be Level 4 Technical Officials.
36. 100m, 200m, 400m, 110m/100m hurdles, 400m hurdles performances at altitudes of above 950m will not be considered.
37. Indoor performances will be considered for all appropriate field events and for individual track events with a distance of 200m and above.
38. Indoor performances must be set on a standard 200m indoor track.

SELECTION PROCESS

39. The primary consideration in nominating any athlete for selection will be their outdoor performance(s) achieved during the Qualification Period.
40. However, at the sole discretion of **scottishathletics** Selection Panel, athletes who, in **scottishathletics**' opinion, represent a very strong medal prospect but due to exceptional circumstances have been unable to perform to the best of their ability during the Qualification Period may be considered for nomination subject to proving form and fitness (with reference to paragraph 51) to the satisfaction of the **scottishathletics** Selection Panel prior to the end of the Qualification Period.
41. Where an athlete attains the Selection Standards in more than one event, prior to the selection meeting, they will be asked to confirm the event(s) in which they wish to be considered for nomination. Priority event(s), where relevant, will then be agreed with the athlete prior to the start of the athletics programme at the 2026 Games.
42. Where an athlete has attained the Selection Standard in one *individual* event, they may still be nominated for a second event at the sole discretion of the Selection Panel. Priority event(s) will then be agreed with the athlete prior to the start of the athletics programme at the 2026 Games.
43. Where an athlete has subsequently been entered for more than one event the final decision on any additional events the athlete competes in lies with the athlete and Team Scotland Athletics Team Management in Glasgow, taking account their priority event(s) (as outlined above), the event schedule, selection priorities and local 2026 Games factors.
44. Final selection to the 2026 Games team is dependent on the provision of relevant information required by CGS such as completion and signing of the CGF Eligibility form and CGS Team Member Agreement.

45. Selection Panel

45.1 Nominations will be made by the **scottishathletics** Selection Panel which shall be comprised by the following individuals:

- **scottishathletics** President (Chair of Selectors – casting vote only)
- **scottishathletics** Head of Performance (voting)
- Convenor Track & Field Commission (voting)
- CGS Representative (monitoring role, non-voting)
- Independent Panel Member (non-voting)

45.2 At the discretion of the Chair of Selectors, where appropriate, additional non-voting attendees with relevant expertise may be invited to attend.

45.3 In the event of an actual, potential, or possible conflict relating to any voting member of the Panel, it should be reported to the Chair of Selectors of the selection meeting who shall determine whether the voting member in question should be permitted to take part in relation to any selection decision(s). The Chair of Selectors may appoint an alternative voting member if necessary.

Appeals against non-nomination to CGS (athletes to scottishathletics)

58. In the event an athlete wishes to appeal their non-nomination, they should carefully note the grounds for appeal and the deadlines as set out in this policy.

59. The sole grounds of appeal against the decision of the Selection Panel will be restricted to one of the following:

59.1 there has been a failure to follow and apply the content of this Policy; or

59.2 the Selection Panel has come to a decision on the basis of an error of fact and had the accurate information been considered/provided no other selection panel acting with reasonable care would have come to the same decision as the Selection Panel.

The right to appeal a nomination decision is permitted on these limited grounds only and must not be seen as an opportunity to dispute the opinion of the Selection Panel where the proper procedure outlined in this Policy has been followed and considered. In reaching its decision the Selection Panel are acting as experts in their field and the athletes agree that in so doing the panel exercises judgment and discretion based on its expert opinion which is not in itself capable of challenge.

62. Appeals will be heard by the **scottishathletics** Appeals Panel.

63. The Appeals Panel will be made up of three representatives from **scottishathletics** who were not involved in the initial selection process: CEO; Board member and a member of **scottishathletics** with no conflict of interest.

63.1 The panel will meet to consider any appeals on Thursday 11 June 2026

64. Should the **scottishathletics** Appeals Panel uphold any athlete appeal(s) they will refer the matter to the Selection Panel for reconsideration. It is anticipated that the Selection Panel may, in the case of a cap/limit to Team numbers, require to consider afresh the selection/nomination of other athletes as a result of any successful appeals.

65. All appeal decisions will be communicated to the athlete(s) within 24 hours.

Appeals against non-selection of athletes by CGS (**scottishathletics** to CGS)

66. **scottishathletics** will also have the opportunity to appeal to CGS if athletes that it has nominated are not subsequently selected by CGS.

67. Individuals do not have the right to appeal directly to CGS nor do they have the right to oblige **scottishathletics** to appeal to CGS. The decision as to whether to appeal or not is at the sole and unfettered discretion of **scottishathletics**.

68. All CGS appeal decisions will be made ahead of a final announcement of the 2026 Games Team.

69. If an appeal is submitted to CGS by **scottishathletics**, a CGS Appeal Panel will consider the case along with any additional information provided.

29.1 there has been a failure to follow and apply the content of this Policy; or

The right to appeal a nomination decision is permitted on these limited grounds only and must not be seen as an opportunity to dispute the opinion of the Selection Panel where the proper procedure outlined in this Policy has been followed and considered. In reaching its decision the Selection Panel are acting as experts in their field and the athletes agree that in so doing the panel exercises judgment and discretion based on its expert opinion which is not in itself capable of challenge.

31. The appeal shall contain full details of the name, address and date of birth of the athlete and must outline in full the grounds (paragraph 29) upon which the appeal is being made.

32. Appeals will be heard by the **scottishathletics** Appeals Panel.

33. The Appeals Panel will be made up of three representatives from **scottishathletics** who were not involved in the initial selection process: CEO; Board member and a member of **scottishathletics** with no conflict of interest.

34. Should the **scottishathletics** Appeals Panel uphold any athlete appeal(s) they will refer the matter to the selection panel for reconsideration. It is anticipated that the Selection Panel may, in the case of a cap/limit to Team numbers, require to consider afresh the selection/nomination of other athletes as a result of any successful appeals.

35. Where an appeal is not upheld, the decision will be communicated back to the athlete(s) within 24 hours.

Appeals against non-selection of athletes by CGS (scottishathletics to CGS)

36. **scottishathletics** will also have the opportunity to appeal to CGS if athletes that it has nominated are not subsequently selected by CGS.

38. All CGS appeal decisions will be made ahead of a final announcement of the 2026 Games Team.
